

Complete Solo Freelancer Business Infrastructure & Workflow System

Using 99% Free Tools + Zoho Workplace

YOUR COMPLETE TECH STACK (Almost Free!)

Content Generation (FREE)

-  **Google Gemini** (free) - Text content, code
-  **Claude** (free tier) - Content, copywriting, planning
-  **ChatGPT** (free tier) - Alternative content generation

Image & Video Generation (FREE/Cheap)

-  **Google Imagen 3** (via AI Test Kitchen - free)
-  **Google Veo** (video generation - free in beta)
-  **Grok** (via X Premium if you have it)
-  **Leonardo.ai** (free tier: 150 tokens/day)
-  **Canva** (free tier) - Graphics, social media posts

Business Workspace (Your Choice: Zoho)

-  **Zoho Workplace** (₹60-120/user/month) OR
-  **Zoho One** (₹1,800/month for ALL Zoho apps - BEST VALUE)

Zoho One includes:

- Email (Zoho Mail)
- CRM (Zoho CRM)
- Projects (Zoho Projects)
- Invoicing (Zoho Invoice)
- Accounting (Zoho Books)
- Documents (Zoho Docs)
- Meetings (Zoho Meeting)
- Forms (Zoho Forms)
- Sign (Zoho Sign - e-signatures)
- Analytics (Zoho Analytics)

Why Zoho One is PERFECT for you:

- Everything in one ecosystem
 - All tools talk to each other
 - Single login
 - Indian company (local support, GST compliant)
 - Cost: ₹1,800/month vs. \$100+/month for separate tools
-

PHASE 0: BUILDING YOUR ORGANIZATION INFRASTRUCTURE

Step 1: Legal Foundation (India-Specific)

Register Your Business:

Option A: Freelancer (Simplest - Start Here)

- No registration needed initially
- Just need PAN card
- File ITR (Income Tax Return) as "Professional Income"
- **Cost: ₹0**

Option B: Sole Proprietorship

- Register firm name (optional)
- Get GST registration (if turnover > ₹20 lakhs/year)
- **Cost: ₹5,000-10,000**

Option C: Private Limited Company (Later, when earning ₹50L+/year)

- Full company registration
 - Separate legal entity
 - **Cost: ₹15,000-25,000**
-

Step 2: Tax Understanding (Simplified)

Taxes You MUST Know:

1. Income Tax

- On your profit (income minus expenses)
- File ITR once a year (July for previous year)

- Use: New tax regime (easier) or Old regime (more deductions)
- **Who handles:** You or CA (Chartered Accountant)

2. GST (Goods & Services Tax)

- Only if turnover > ₹20 lakhs/year (₹10 lakhs for some states)
- 18% GST on services (website development)
- File monthly/quarterly returns
- **Zoho Books** handles GST calculations automatically!

3. TDS (Tax Deducted at Source)

- If client is company, they may deduct 10% TDS
- You get TDS certificate (Form 16A)
- Adjust this against your final tax
- **Important:** Always ask for TDS certificate!

Simple Rule:

- **First year earning < ₹20L:** Just Income Tax (ITR filing)
- **Earning > ₹20L:** Get GST registration + file GST returns
- **Hire CA:** When earning ₹5L+/year (costs ₹10,000-30,000/year)

Zoho Books Integration:

- Auto-calculates GST on invoices
 - Generates GST-compliant invoices
 - Helps with ITR filing (exports reports for CA)
-

Step 3: Zoho One Setup (Your Command Center)

Day 1: Core Setup (2 hours)

1. Zoho Mail (Your Professional Email)

Setup:

- Custom domain: yourname@yourbusiness.com
- Signature with logo and contact info
- Create folders: Leads, Active Projects, Completed, Invoices

Templates to create:

- New client welcome email
- Project proposal
- Invoice sent email
- Project completion email

2. Zoho CRM (Customer Management)

Pipeline Stages:

1. Lead (contacted but not yet client)
2. Qualified (interested, budget confirmed)
3. Proposal Sent
4. Negotiation
5. Won (became client!)
6. Lost (didn't convert)

For each contact, track:

- Name, business, phone, email
- Source (walked in, Instagram, referral, etc.)
- Budget
- Timeline
- Notes from every conversation

3. Zoho Projects (Project Management)

Create Template Project: "Website Development"

Milestones:

1. Contract & Deposit (Day 0)
2. Content Collection (Day 1-2)
3. Design & Build (Day 3-6)
4. Client Review (Day 7-8)
5. Revisions (Day 9)
6. Launch & Handover (Day 10)

Tasks for each milestone (with subtasks):

Example - Content Collection:

- ☐ Send questionnaire
- ☐ Receive logo
- ☐ Receive photos
- ☐ Receive services list
- ☐ Get brand colors

4. Zoho Invoice (Billing)

Create Invoice Templates:

- 50% Advance Invoice (sent after proposal accepted)
- Final 50% Invoice (sent at launch)
- Monthly Maintenance Invoice (recurring)

Tax Settings:

- Enable GST (if registered)
- Set default tax rate: 18%
- Add your GST number
- Enable TDS deduction line item

5. Zoho Books (Accounting)

Setup:

- Link bank account (auto-imports transactions)
- Create expense categories:
 - Tools & Software
 - Domain & Hosting (for clients)
 - Internet & Phone
 - Travel (client meetings)
 - Professional Fees (CA fees)

Monthly routine:

- Categorize expenses (5 minutes)
- Generate P&L report
- See: $\text{Income} - \text{Expenses} = \text{Profit}$

6. Zoho Sign (E-Signatures)

Create Templates:

- Website Development Agreement
- NDA (Non-Disclosure Agreement)
- Maintenance Contract

Process:

- Upload contract PDF
- Add signature fields
- Send to client email
- They sign electronically
- Both get copy automatically

7. Zoho Meeting (Video Calls)

Use for:

- Discovery calls with potential clients
- Mid-project check-ins
- Final handover training

Features:

- Screen sharing (show website progress)
- Recording (save for later reference)
- Scheduling integration (send calendar invite)

Step 4: Your Online Presence Setup

A. Your Business Website (Practice Project!)

YOUR WEBSITE STRUCTURE:

Homepage

- └─ Hero: "I Build Websites for [Your City] Businesses"
- └─ Services (3 packages)
- └─ Portfolio (3-5 projects - can be mock projects initially)
- └─ Process (your workflow in 5 steps)
- └─ Testimonials
- └─ Contact CTA

About Page

- └─ Your story
- └─ Your skills
- └─ Why choose you

Services Page (3 Packages)

- └─ Basic: ₹25,000 (5 pages, 7 days)
- └─ Professional: ₹45,000 (8 pages, SEO, 10 days)
- └─ Premium: ₹75,000 (12 pages, SEO, blog, 15 days)

Contact Page

- └─ Zoho Form embedded (captures leads)
- └─ WhatsApp button

Tools to Build Your Site:

- **Free Option:** WordPress.com + free theme
- **Paid Option (₹300/month):** Hostinger + WordPress + Elementor
- **No-Code Option:** Zoho Sites (included in Zoho One!)

B. Google Business Profile (FREE - CRITICAL!)

Setup Steps:

1. Go to google.com/business
2. Create profile: Your business name + location
3. Add:
 - Services (Website Design, SEO, Maintenance)
 - Hours (or "By appointment")
 - Photos (your workspace, even if home office)
 - Website link
4. Post weekly updates (share completed projects)

Why important:

- Shows up in "web designer near me" searches
- Builds trust (reviews, photos)
- FREE exposure in your city

C. Social Media Presence

Instagram Business Account (Primary)

Content to post (3x per week):

- Before/After website screenshots
- Client testimonials
- Tips (use AI to generate content)
- Behind-the-scenes (you working)

Bio Template:

🌐 Website Designer | [Your City]
👛 Helping Local Businesses Get Online
📱 DM for Free Consultation
👇 See Our Work"

Use Canva (free) to create posts

Use Zoho Social (in Zoho One) to schedule posts

LinkedIn (Secondary - for B2B clients)

Profile Headline:

"Website Designer & Developer | Helping [City] Businesses Grow Online"

Post weekly:

- Project case studies
- Business tips
- Industry insights (use AI to write)

COMPLETE WORKFLOW: LEAD TO HANDOVER

STAGE 1: LEAD GENERATION (Finding Potential Clients)

Activity: Local Outreach

In-Person (Most Effective in India)

Daily Routine (2 hours, 4-5 days/week):

1. Print visiting cards (₹200 for 500 cards)
2. Visit 5-10 businesses in your area
3. Walk in, ask for owner/manager
4. 30-second pitch:
"Namaste! I'm [Name], I help [city] businesses get more customers through professional websites. Many businesses in [area] don't show up on Google. Can I leave my card?"

Target businesses:

- Restaurants, cafes
- Salons, spas
- Coaching centers
- Doctors, clinics
- Retail shops
- Gyms
- Real estate agents

Immediate entry in Zoho CRM:

- Add as "Lead"
- Source: "Walk-in"
- Status: "Contacted"
- Note: What they said, follow-up date

WhatsApp Marketing (Very Effective in India)

Process:

1. Get business phone numbers from Google
2. Send personalized message:

"Hello [Name], I came across [Business Name] and noticed you might not have a website yet. I'm a web designer based in [city]. I've helped businesses like [similar business] get more customers online.

Would you be interested in a free consultation?

My portfolio: [link]

Thanks!"

3. If they reply, move to "Qualified" in Zoho CRM
4. Schedule call

Instagram DMs

Find local businesses on Instagram

Send message:

"Hi! Love your [products/services]! 👍 Do you have a website? I help [city] businesses get online. Would you like to see some examples of my work?"

If yes → Send portfolio link

If interested → Move to Zoho CRM as "Qualified"

STAGE 2: QUALIFICATION (Is This a Good Client?)

Discovery Call (15-20 minutes)

Schedule via Zoho Meeting:

- Send calendar invite
- Include Zoho Meeting link
- Meeting auto-records (save in Zoho Docs)

Questions to Ask (Save answers in Zoho CRM):

1. "Tell me about your business"
→ Understand what they do
2. "Do you currently have a website?"
→ Check if new or redesign
3. "What's your main goal for the website?"
→ Get customers? Show credibility? Provide info?
4. "Who are your main competitors?"
→ Check their websites for reference
5. "What's your timeline?"
→ When do they need it?
6. "What's your budget?"
→ Qualify if they can afford you

If they say "I don't know":

"My packages range from ₹25,000 to ₹75,000. Does that fit your budget?"

7. "How did you hear about me?"
→ Track your best lead sources
8. "Do you have content ready? Logo, photos, text?"
→ Assess how much AI work you'll need

After Call:

In Zoho CRM:

- Update status to "Proposal Sent"
- Add notes from call
- Set task: "Send proposal by [date]"
- Set reminder: "Follow up in 2 days"

STAGE 3: PROPOSAL & CONTRACT

A. Generate Proposal (Use AI!)

Prompt to Claude/Gemini:

"Create a professional website proposal for [Business Name],
a [business type] in [city].

They need:

- [X] pages
- [Specific features]
- Timeline: [X] days

Use this structure:

1. Understanding their business
2. Our solution
3. What's included
4. Timeline
5. Investment
6. Next steps

Budget: ₹[amount]

Tone: Professional but warm"

B. Send Proposal via Zoho Mail

Email Template:

Subject: Website Proposal for [Business Name]

Hi [Name],

Thank you for speaking with me about [Business Name]'s website!

I've attached a detailed proposal for your review. Here's a quick summary:

 **WHAT WE'LL BUILD:**

- [X] pages custom website
- Mobile-friendly design
- Contact forms
- Google integration
- Basic SEO

 **TIMELINE:** [X] working days

 **INVESTMENT:** ₹[Amount]

Payment: 50% to start, 50% at launch

 See attached PDF for full details.

Ready to move forward? Reply "Yes" and I'll send the agreement and payment link.

Questions? Call me at [phone] or WhatsApp [number]

Best regards,

[Name]

Attachment: Proposal.pdf (created in Zoho Writer, exported as PDF)

C. Agreement/Contract (Use Zoho Sign)

SIMPLE WEBSITE DEVELOPMENT AGREEMENT

This agreement is between:

- [Your Business Name] ("Developer")
- [Client Business Name] ("Client")

PROJECT DETAILS:

- Website: [type] website
- Pages: [X] pages as listed in proposal
- Timeline: [X] working days from deposit receipt
- Investment: ₹[Amount] + 18% GST

DELIVERABLES:

1. Custom designed website
2. Mobile responsive
3. Basic SEO setup
4. 30 days post-launch support
5. Training video

PAYMENT TERMS:

- 50% (₹[X]) advance before starting
- 50% (₹[X]) upon launch

REVISIONS:

- Included: 2 rounds of revisions
- Additional: ₹[X] per round

TIMELINE:

- Start: Upon deposit receipt
- Launch: [Date]
- Delays due to client content delays not our responsibility

CLIENT RESPONSIBILITIES:

- Provide content (text, images, logo) within 3 days
- Provide feedback within 2 days of requests
- Make payments on time

CANCELLATION:

- Client cancels: Advance non-refundable
- Developer cancels: Full refund

OWNERSHIP:

- Upon final payment, client owns website
- Developer retains portfolio rights

SUPPORT:

- 30 days free support for bugs/issues
- Training provided for content updates
- Maintenance available at ₹[X]/month

Signed:

Client: _____ Date: _____

Developer: _____ Date: _____

Process:

1. Create in Zoho Writer
2. Upload to Zoho Sign
3. Send to client email
4. They sign electronically
5. You receive notification
6. Both get signed copy
7. Auto-saved in Zoho Docs (linked to CRM contact)

STAGE 4: PAYMENT COLLECTION

A. Generate Invoice (Zoho Invoice)

Create Invoice:

- Client details (auto-filled from CRM)
- Line items:
 - Website Development - [Package Name]: ₹[Amount]
 - GST @ 18%: ₹[GST Amount]
 - Total: ₹[Total]

Payment Options:

1. Bank Transfer (provide account details)
2. UPI (provide UPI ID or QR code)
3. Razorpay (if you set it up - 2% fee)
4. Paytm/PhonePe

Invoice Notes:

"50% advance to commence work. Please share payment screenshot or UTR number after payment."

B. Track Payment

In Zoho Invoice:

- Status: "Sent" → "Paid" (update after receiving)

In Zoho Books:

- Record payment
- Link to invoice
- Categorize income

In Zoho CRM:

- Update deal status: "Won"
- Create project in Zoho Projects automatically

STAGE 5: PROJECT KICKOFF & CONTENT COLLECTION

A. Welcome Email (Zoho Mail)

Subject: Welcome to [Your Business]! Next Steps for Your Website

Hi [Name],

Exciting news! Your website project officially starts today! 🎉

WHAT HAPPENS NEXT:

📅 Step 1: Content Collection (Today-Tomorrow)

I've attached a questionnaire. Please fill and return within 2 days. We need:

- Business description
- Service details
- Photos/logo
- Contact info

🧠 Step 2: Design & Build (Days 3-7)

I'll create your website based on your inputs. I'll use AI to fill any missing content/images.

👁️ Step 3: Your Review (Day 8)

I'll share preview link for your feedback.

🚀 Step 4: Launch (Day 10)

After final approval, we go live!

ATTACHED:

- Content Questionnaire (Zoho Form link)
- Project Timeline
- My WhatsApp number for quick questions

Have questions? Call/WhatsApp anytime!

Let's build something amazing!

[Your Name]

[Phone]

[WhatsApp]

B. Content Questionnaire (Zoho Forms)

Create Form in Zoho Forms:

SECTION 1: BUSINESS BASICS

- Business Name
- Tagline/Slogan (if any)
- Phone Number
- Email Address
- Physical Address
- Business Hours
- Social Media Links (Instagram, Facebook, etc.)

SECTION 2: ABOUT YOUR BUSINESS

- When was your business started?
- Who is the founder/owner?
- What makes your business unique?
- What are your core values?

SECTION 3: SERVICES/PRODUCTS

- List all services/products (one per line)
- For each: Brief description (2-3 lines)
- Prices (if you want to display)

SECTION 4: VISUALS

- Upload Logo (file upload field)
- Upload Photos: Team, Products, Location (multiple upload)
- Preferred Colors (if any)
- Competitor websites you like (text field)

SECTION 5: CUSTOMER TESTIMONIALS

- Any reviews/testimonials from happy customers?
- Customer names and feedback

SECTION 6: GOALS

- What is your main goal for this website?
 - ☐ Get more customers/leads
 - ☐ Showcase work/portfolio
 - ☐ Provide information
 - ☐ Online sales
 - ☐ Other: _____
- What action should visitors take?
 - ☐ Call you
 - ☐ Fill contact form
 - ☐ WhatsApp you
 - ☐ Book appointment
 - ☐ Other: _____

Form Settings:

- Enable notifications (you get email when submitted)
- Auto-save responses to Zoho Sheet
- Link to CRM contact

C. What If Client Doesn't Provide Content?

Day 3 - No Response:

Send WhatsApp: "Hi [Name]! Just checking if you received the content form? Let me know if you need help filling it."

Day 4 - Still No Response:

Call them: "Hi, I've scheduled your project to start. Need the content by tomorrow to stay on track."

Day 5 - STILL Nothing:

"No problem! I'll use AI to create placeholder content and professional stock images. You can review and request changes later. This keeps us on schedule. Okay?"

→ Most clients say yes!

→ Use Gemini/Claude for content

→ Use Leonardo.ai/Canva for images

STAGE 6: PRODUCTION & TRACKING

A. Project in Zoho Projects

Project: [Client Name] - Website

TASKLIST 1: SETUP (Day 1)

- ☐ Buy domain (charge client)
- ☐ Setup hosting
- ☐ Install WordPress
- ☐ Install theme & plugins
- ☐ Create page structure

TASKLIST 2: CONTENT (Days 2-3)

- ☐ Generate homepage content (Gemini)
- ☐ Generate About page (Claude)
- ☐ Generate service descriptions (AI)
- ☐ Create/find images (Leonardo.ai/Canva)
- ☐ Optimize images (TinyPNG)

TASKLIST 3: DESIGN (Days 4-6)

- ☐ Build homepage
- ☐ Build About page
- ☐ Build Services pages
- ☐ Build Contact page
- ☐ Add forms
- ☐ Mobile optimization

TASKLIST 4: SEO & TECHNICAL (Day 7)

- ☐ Install Yoast SEO
- ☐ Set page titles
- ☐ Set meta descriptions
- ☐ Add alt text to images
- ☐ Create XML sitemap
- ☐ Test speed (GTmetrix)
- ☐ Test mobile (Google Mobile Test)

TASKLIST 5: FINAL CHECKS (Day 8)

- ☐ All links work
- ☐ Forms send emails
- ☐ Contact info correct
- ☐ Legal pages (Privacy Policy)
- ☐ Backup created
- ☐ Analytics installed

Each task:

- Assigned to: You
- Due date: Set realistic dates

- Time tracked: Log hours worked
- Update status: Open → In Progress → Completed

B. Daily Progress Updates

End of Each Day:

- Update tasks in Zoho Projects
- Take screenshot of progress
- Send quick WhatsApp to client:

"Hi [Name]! Quick update: Today I completed [task].

Website is [X]% done. On track for [launch date]!

[Attach screenshot]"

Why this matters:

- Keeps client happy (they see progress)
- Builds trust
- Prevents "ghosting" complaints
- Reduces anxiety

STAGE 7: CLIENT REVIEW & FEEDBACK

A. Share Preview (Day 8)

Zoho Mail + WhatsApp:

"Hi [Name]!

Your website is ready for review! 🎉

Preview Link: [staging URL]

Password: [temppass123]

Please review on both:

- Desktop/laptop
- Your phone

Check:

- ✓ All text and images
- ✓ Contact information
- ✓ Services/products listed correctly
- ✓ Forms work (test submit)

Please send ALL feedback within 2 days (by [date]) so I can make changes and launch on schedule.

Feedback via:

- WhatsApp (easier for small changes)
- Zoho Meeting call (for detailed discussion)

Questions? Call me anytime!

[Your Name]"

B. Capture Feedback (Zoho Projects Comments + Meeting Recording)

Method 1: WhatsApp/Text Feedback

Client: "Change blue color to red"

"Fix spelling on About page"

"Add one more photo in gallery"

You:

- Copy each feedback into Zoho Projects as comments
- Tag as "Revision Request"
- Update task status

Why:

- Everything documented
- No "he said, she said" later
- Track all changes

Method 2: Video Call Feedback (Zoho Meeting)

Schedule 30-min call

Screen share → Go through site together

Record meeting (Zoho Meeting records automatically)

Save recording in:

- Zoho Docs (Project folder → Client Name → Meetings)

Benefits:

- Faster than text
- See exactly what client wants
- Recording = proof of what was discussed

C. Revision Tracking

In Zoho Projects:

Create subtasks for each revision:

- [] Change blue to red (Homepage)
- [] Fix spelling on About page
- [] Add photo to gallery

Time tracking:

- Log time for each revision
- If total revision time > included time:
 - Politely inform: "We've exceeded included revision hours. Additional changes will be ₹[X]/hour. Continue?"

STAGE 8: FINAL PAYMENT & LAUNCH

A. Request Final Payment

After final approval:

Zoho Invoice:

- Create 2nd invoice (Final 50%)
- Send via email

Zoho Mail:

"Hi [Name],

Great news! Your website is ready to launch! 🚀

As per our agreement, the final 50% payment is due before launch:

Invoice: [Attach PDF]

Amount: ₹[Amount]

Payment Options:

- Bank Transfer: [Details]
- UPI: [ID] or [QR Code]
- Paytm/PhonePe: [Number]

Once payment is received, I'll:

1. Make website live (same day)
2. Submit to Google
3. Send you admin login
4. Share training video

Please confirm payment by [date] to launch on schedule.

Thanks!

[Name]"

B. Launch Process (Day 10)

After receiving payment:

Technical Steps:

1. Update payment status in Zoho Invoice
2. Point domain to live server
3. Remove staging password
4. Test everything again on live site
5. Submit sitemap to Google Search Console
6. Enable backups
7. Final security check

Documentation (Save in Zoho Docs):

- Create "Website Handover Document.pdf"
 - Website URL
 - Admin login
 - Hosting details
 - Domain renewal date
 - Email accounts created
 - Backup location
 - Support contact info

STAGE 9: HANDOVER & TRAINING

A. Handover Email (Zoho Mail)

Subject: 🎉 Congratulations! [Business Name] is LIVE!

Hi [Name],

I'm thrilled to share that your website is now LIVE! 🌐

Website: [URL]

📖 EVERYTHING YOU NEED:

1. Training Video (10 minutes): [Loom link]

Learn to:

- Edit text and images
- Add blog posts
- Update contact info
- Check form submissions

2. Admin Access:

- URL: [yoursite.com/wp-admin]
- Username: [username]
- Password: [password]
- PLEASE CHANGE PASSWORD after first login!

3. Hosting Details:

- Provider: [Hostinger/etc]
- Login: [link]
- Renewal Date: [date] (₹[X]/year)

4. Domain Details:

- Registrar: [Namecheap/etc]
- Renewal Date: [date] (₹[X]/year)

5. Email Accounts Created:

- [email1]
- [email2]

6. Google Tools Setup:

- Google Analytics: Tracking visitors
- Google Search Console: SEO monitoring
- Access: [email used]

📞 SUPPORT:

30-Day Free Support Included:

- Any bugs or technical issues
- Questions about using website

- Contact: WhatsApp [number] or email

After 30 Days - Optional Maintenance:

₹[X]/month includes:

- Monthly updates
- Security monitoring
- 1 hour content changes
- Priority support
- Backups

NEXT STEPS:

1. Share your new website!

- Post on social media
- Update Google Business Profile
- Add to email signature
- Tell your customers!

2. Keep Content Fresh:

- Update photos regularly
- Add new blog posts (good for SEO)
- Update offers/promotions

3. Monitor Performance:

- Check Google Analytics monthly
- See how many visitors you're getting!

ATTACHED:

- Handover Document (PDF) - Keep this safe!
- Invoice - Final Payment Receipt
- Training Video - How to Update Website

It's been wonderful working with you! Your website looks amazing and I'm confident it will help grow your business.

Need anything? I'm just a message away!

Best regards,

[Your Name]

[Phone]

[WhatsApp]

[Email]

P.S. If you're happy with the website, I'd greatly appreciate a review/testimonial! It really helps my business. Thank you! 🙏

B. Create Loom Training Video

Record 10-Minute Video (Free with Loom):

00:00-01:00: Introduction

- "Hi [Name], this is [Your Name]
- Quick tour of your new website"

01:00-03:00: How to Login

- Show wp-admin login
- Dashboard overview

03:00-05:00: How to Edit Pages

- Click Pages → Find page → Edit
- Change text
- Change images
- Save/Update

05:00-07:00: How to Add Blog Post

- Posts → Add New
- Write post
- Add featured image
- Publish

07:00-09:00: How to Check Form Submissions

- WPForms → Entries
- View messages
- Export if needed

09:00-10:00: Important Notes

- Backup before big changes
- Don't delete important pages
- Call me if stuck
- Reminder about 30-day support

Upload to Loom → Share link

Also save in Zoho Docs (Project folder)

STAGE 10: POST-HANDOVER MANAGEMENT

A. 30-Day Support Period

Track Support Requests in Zoho Desk (included in Zoho One):

Create "Support Portal":

- Client can submit tickets
- OR they WhatsApp/call you
- You log it as ticket

Ticket Categories:

- Bug/Error
- Content Update Request
- Question/How-to
- Feature Request (additional cost)

Response Time Commitment:

- Urgent (site down): 2-4 hours
- Normal: 24 hours
- Low priority: 48 hours

Each Ticket:

- Log in Zoho Desk
- Link to project
- Track time spent
- Update status
- Close when resolved

B. Upsell Opportunities

After 2 Weeks of Launch:

Send Zoho Mail:

"Hi [Name],

Hope your website is working great! Just checking in to see:

1. Any questions or issues?
2. Happy with the results?
3. Noticed X visitors in first 2 weeks! (if you set up analytics)

💡 WAYS TO GROW FURTHER:

1. Monthly Blog Posts: ₹[X]/month
 - I write 4 SEO-optimized posts
 - Helps you rank higher on Google
2. Social Media Graphics: ₹[X]/month
 - 8 posts for Instagram/Facebook
 - Match your website branding
3. Website Maintenance: ₹[X]/month
 - Keep site updated & secure
 - Priority support
 - Monthly performance report
4. Google Ads Setup: ₹[X] one-time
 - Get immediate visitors
 - I'll set up and optimize

Interested in any of these? Let's chat!

Best,

[Name]"

C. Request Testimonial

After 3-4 Weeks (when they're happy):

WhatsApp Message:

"Hi [Name]!

So happy your website is working well! 🎉

Quick favor: Would you mind writing a short review about your experience working with me? It really helps my business grow!

You can:

1. Google Review: [Your Google Business Profile link]
2. Text testimonial: Just reply to this message
3. Video testimonial: Record 30-second video (even better!)

What to mention:

- What you liked about working with me
- How the website helped your business
- Would you recommend me? (hopefully yes! 😊)

As a thank you, I'll give you:

- 1 free content update (worth ₹[X])
- Priority support for next 30 days

Thanks so much!

[Your Name]"

Save testimonials:

- Zoho CRM (in contact notes)
- Your website testimonials page
- Social media posts

STAGE 11: ONGOING MAINTENANCE (Recurring Revenue)

A. Monthly Maintenance Package

SERVICE: Website Maintenance - ₹[X]/month

Create in Zoho Subscriptions:

- Recurring invoice (auto-generated monthly)
- Auto-payment via UPI/Razorpay

WHAT'S INCLUDED (takes you 1-2 hours/month):

Weekly (10 minutes):

- Check if site is up (use UptimeRobot - free)
- Quick visual check

Monthly (1-2 hours):

- Update WordPress core
- Update plugins
- Update theme
- Security scan (Wordfence plugin - free)
- Backup check
- Speed test (GTmetrix)
- Submit analytics report

Included Services:

- 1 hour of content changes
(update text, swap images, add products)
- Priority support (respond within 4 hours)
- Emergency fixes (site down = immediate response)

Analytics Report (auto-generate from Google Analytics):

- Visitors this month: X
- Top 5 pages viewed
- Traffic sources (Google, social, direct)
- New vs returning visitors
- Send via Zoho Mail as PDF

Client Value:

- Peace of mind
- Site stays secure & fast
- Always up-to-date
- Expert on standby

B. Track Maintenance in Zoho

Zoho Projects:

Create "Maintenance - [Client Name]" project

Monthly recurring tasks:

- ☐ WordPress core update
- ☐ Plugin updates (check compatibility first!)
- ☐ Theme update
- ☐ Security scan
- ☐ Backup verification
- ☐ Speed test
- ☐ Analytics report generation
- ☐ Check for broken links
- ☐ Review form submissions working

Time tracking:

- Log hours spent
- Ensure staying profitable (if spending 3 hours but charging 1 hour rate, raise prices)

Zoho Analytics:

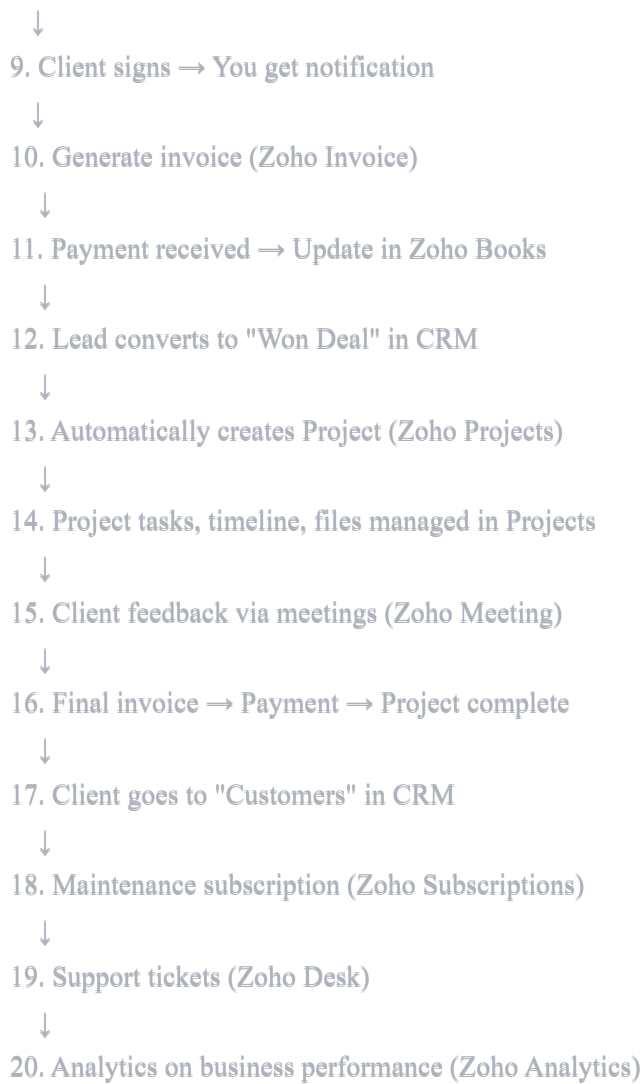

- Track which clients are most profitable
- Which require most maintenance time

COMPLETE ZOHU ONE INTEGRATION WORKFLOW

How Everything Connects

LEAD JOURNEY IN ZOHU ECOSYSTEM:

1. Someone fills your website contact form (Zoho Forms)
↓
2. Automatically creates Lead in Zoho CRM
↓
3. You get notification email (Zoho Mail)
↓
4. You schedule discovery call (Zoho Meeting)
↓
5. Call auto-records, saves to Zoho Docs
↓
6. You send proposal (Zoho Writer → exported as PDF)
↓
7. Lead becomes "Qualified" in CRM
↓
8. Send contract via Zoho Sign

EVERYTHING CONNECTED. SINGLE LOGIN. ONE DASHBOARD.

YOUR DAILY ROUTINE (Time Blocked)

Monday-Friday Schedule

9:00-9:30 AM: Admin & Planning

- Check Zoho Mail (respond to client emails)
- Check WhatsApp (respond to urgent messages)
- Review Zoho Projects (today's tasks)
- Check Zoho CRM (follow-ups needed)

9:30-12:30 PM: Production Work

- Work on active website projects
- Complete tasks in Zoho Projects
- Update task status after each completion

- Take screenshots of progress

12:30-1:30 PM: Lunch Break

1:30-3:30 PM: Client Communication

- Discovery calls with new leads (Zoho Meeting)
- Mid-project check-ins with clients
- Send progress updates via WhatsApp
- Respond to client questions

3:30-5:30 PM: Lead Generation

- In-person visits to local businesses (2 hours, 5-10 businesses)
- Instagram/WhatsApp outreach
- Update CRM with new leads
- Follow up with existing leads

5:30-6:00 PM: End-of-Day Admin

- Update all project progress
- Send EOD updates to active clients
- Review tomorrow's schedule
- Back up important files

TESTING YOUR COMPLETE WORKFLOW (Before Real Clients)

Week 1: Setup Everything

Days 1-2: Zoho One Setup

- ☐ Sign up for Zoho One trial (30 days free)
- ☐ Configure Zoho Mail with custom domain
- ☐ Set up Zoho CRM pipelines
- ☐ Create project templates in Zoho Projects
- ☐ Design invoice templates in Zoho Invoice
- ☐ Configure Zoho Books with expense categories
- ☐ Create form templates in Zoho Forms
- ☐ Set up contract templates in Zoho Sign

Days 3-4: Build YOUR Website

- ☐ Use Zoho Sites or WordPress
- ☐ Generate ALL content with Gemini/Claude
- ☐ Generate ALL images with Leonardo.ai/Imagen
- ☐ Create 3 dummy portfolio projects (can be fake initially)
- ☐ Add contact form (Zoho Forms embedded)
- ☐ Set up Google Analytics

Days 5-6: Marketing Materials

- ☐ Design visiting cards on Canva
- ☐ Create proposal template (Zoho Writer)
- ☐ Create contract template (Zoho Sign)
- ☐ Write email templates (save in Zoho Mail)
- ☐ Set up Google Business Profile
- ☐ Create Instagram Business account

Day 7: Testing Run

- ☐ Test: Form submission → CRM lead creation
 - ☐ Test: CRM → Invoice generation
 - ☐ Test: Contract signing flow
 - ☐ Test: Project creation from won deal
 - ☐ Test: Meeting recording and saving
-

Week 2: Mock Project (Practice on Friend/Family)

Find a Guinea Pig Client:

- Friend's business
- Family member
- Or create fake business for practice

Run Complete Workflow:

Day 1:

- ☐ Add them as Lead in CRM (manually)
- ☐ Schedule discovery call (Zoho Meeting)
- ☐ Conduct call and record it
- ☐ Send proposal

Day 2:

- ☐ Send contract via Zoho Sign

- ☐ Generate invoice (offer to do for free, but process payment flow)
- ☐ Create project in Zoho Projects

Days 3-7:

- ☐ Build complete website (5 pages)
- ☐ Update tasks daily in Projects
- ☐ Send progress updates
- ☐ Use ALL AI tools:
 - Gemini for content
 - Imagen for images
 - Veo for promo video (if needed)

Day 8:

- ☐ Client review meeting (record it)
- ☐ Make revisions

Day 9:

- ☐ Final approval
- ☐ Launch website

Day 10:

- ☐ Handover: Send email with all details
- ☐ Create training video (Loom)
- ☐ Request testimonial

Measure:

- Total time spent: Should be ~20-25 hours
- Identify bottlenecks (where did you get stuck?)
- Refine workflow based on learnings

TAX & ACCOUNTING SIMPLIFIED

Monthly Routine (15 minutes)

Zoho Books Auto-Does Most Work:

First Week of Month:

1. Bank statements import automatically (if linked)
2. Categorize any uncategorized transactions:
 - Client payment → Income
 - Domain purchase → Tools & Software
 - Internet bill → Utilities
 - Travel to client → Business Travel
 - Hosting → Tools & Software
 - Lunch with client → Business Meals (50% deductible)
3. Generate reports:
 - Profit & Loss (see your profit/loss)
 - Expense by Category (where money is going)
 - Income by Client (who pays most)
4. Save reports as PDF (send to CA quarterly)

Quarterly Tax Planning (With CA)

Every 3 Months:

1. Export reports from Zoho Books:
 - Income & Expense Report
 - Client-wise Revenue
 - GST Report (if applicable)
2. Share with CA (Chartered Accountant)
 - They calculate advance tax due
 - They file GST returns (if applicable)
3. Pay advance tax (if earnings good):
 - Due: June 15, Sep 15, Dec 15, Mar 15
 - Calculate: ~15-30% of profit (depending on slab)
 - Online payment on income tax website

Cost of CA:

- Quarterly consultation: ₹2,000-5,000
 - Annual ITR filing: ₹5,000-10,000
 - GST returns: ₹2,000-5,000/quarter
- Total: ₹15,000-30,000/year (tax deductible expense!)

Annual Tax Filing

Before July 31 (for previous financial year):

1. CA prepares ITR (Income Tax Return)

2. Includes:

- Total income from clients
- Minus: All business expenses
- Equals: Taxable income
- Calculate tax owed
- Minus: Advance tax already paid
- Final tax due or refund

3. You review and e-sign

4. CA files online

5. You get acknowledgment number (save it!)

Zoho Books makes this EASY:

- All income recorded → invoices
- All expenses categorized
- Reports ready → Send to CA
- No Excel sheets or manual tracking!

CRITICAL: WHAT TO TRACK & WHERE

Financial Tracking (Zoho Books)

INCOME:

- ✓ Every client payment (via invoices)
- ✓ Maintenance recurring revenue
- ✓ Any consulting/training income

EXPENSES:

- ✓ Software subscriptions (Zoho, hosting, etc.)
- ✓ Domain purchases for clients (you buy, charge them back)
- ✓ Internet & phone bill (business portion)
- ✓ Co-working space (if any)
- ✓ Travel to clients (fuel/cab)
- ✓ Business meals (with clients)
- ✓ Marketing (visiting cards, FB ads)
- ✓ CA fees
- ✓ Laptop/phone (depreciate over 3-5 years)

Categories in Zoho Books:

- Tools & Software: ₹[X]/month
- Client Project Costs: ₹[X]/project
- Marketing & Sales: ₹[X]/month

- Professional Fees: ₹[X]/year
- Office Expenses: ₹[X]/month
- Travel: ₹[X]/month

Time Tracking (Zoho Projects)

WHY TRACK TIME?

1. Know your real hourly rate

- If you earn ₹50,000/month
- Worked 100 hours
- Real rate: ₹500/hour

2. Identify profitable projects

- Simple website: 20 hours, earned ₹25,000 = ₹1,250/hour ✓
- Complex site: 40 hours, earned ₹30,000 = ₹750/hour ✗

3. Improve estimates

- Thought it takes 15 hours
- Actually took 25 hours
- Next time: quote higher or work faster

HOW:

- Start timer in Zoho Projects when working
- Stop when done
- Review weekly: Where did time go?

Client Satisfaction (Zoho CRM + Desk)

After every project:

- [] Get testimonial (save in CRM notes)
- [] Rate their experience internally (1-5 stars)
- [] Note: Would you work with them again? Y/N
- [] Track support requests post-launch

RED FLAGS (Don't Work With Again):

- Required excessive revisions (>5 rounds)
- Paid late
- Rude/disrespectful
- Unrealistic expectations
- Scope creep without paying extra

GREEN FLAGS (VIP Clients):

- Paid on time
- Provided content quickly

- Trusted your expertise
- Gave testimonial
- Referred others

SCALING YOUR BUSINESS (Months 6-12+)

When You're Consistently Earning ₹50,000+/Month

Decision Point: Stay Solo or Build Team?

Option A: Stay Solo, Increase Rates

Strategy:

- Raise prices by 50% (₹25K → ₹37.5K)
- Take on fewer projects (3/month instead of 5)
- Focus on quality over quantity
- More time per project = better results
- Better clients (who pay more)

Pros:

- Simple (just you)
- Keep all profit
- Less stress
- Work with better clients

Cons:

- Income ceiling (~₹1-1.5L/month)
- Can't scale beyond your time

Option B: Hire Freelancers (Become Project Manager)

Strategy:

- You: Sales, client management, project management
- Hire: Designer + Developer on Upwork/Fiverr

Example:

- You quote client: ₹50,000
- Pay freelancer: ₹20,000
- Your profit: ₹30,000
- Your time: 5-10 hours (not 25 hours!)

Process:

1. Win client (your job)
2. Collect requirements (your job)

3. Hire freelancer on Upwork: "Need WordPress website, 5 pages"
4. Monitor progress daily
5. Review work before sending to client
6. Handle client communication (your job)
7. Freelancer gets paid after approval

Tools:

- Upwork/Fiverr for finding freelancers
- Zoho Projects to manage their tasks
- You stay as "face" of business

Pros:

- Scale to ₹2-5L/month
- Less actual production work
- More time for sales/growth

Cons:

- Quality control needed
- Some profit shared
- Managing people (new skill)

Option C: Build Agency (2-5 Team Members)

When: Earning ₹2L+/month consistently

Team Structure:

- You: CEO/Sales/Strategy
- Designer: UI/UX (full-time or contract)
- Developer: WordPress developer (full-time or contract)
- Content Writer: AI-assisted writing (part-time)

Costs:

- Designer: ₹25-40K/month
- Developer: ₹30-50K/month
- Writer: ₹15-20K/month
- Office/Co-working: ₹10-20K/month
- Tools: ₹5K/month

Total: ₹85-135K/month

Revenue Target: ₹4-6L/month (10-15 projects)

Profit: ₹2.5-4.5L/month (after all costs)

Your Role Changes:

- Sales & client acquisition (50% time)
- Project management (30% time)
- Team management (20% time)

- Very little actual production work

Use Zoho One for:

- Team collaboration (Zoho Projects)
- Timesheets (Zoho People - included)
- Team email (Zoho Mail)
- Internal communication (Zoho Cliq - like Slack)

YOUR AI-POWERED ADVANTAGE (Over Competitors)

Most Freelancers in 2026:

- Still writing content manually (2-3 hours)
- Using expensive stock photos (₹500-2000 per image)
- Hiring designers (₹5,000-15,000 per project)
- Taking 15-20 days to deliver

YOU with AI:

- Generate content in 10 minutes (Gemini/Claude)
- Generate unlimited custom images FREE (Imagen/Leonardo)
- Generate promo videos (Veo)
- Deliver in 7-10 days
- Lower costs = Higher profit margin OR Lower prices (win clients)

Your Competitive Advantages:

1. Speed

- "Website ready in 7 days, not 30"

2. Cost

- "₹25,000 vs. competitors charging ₹50,000"

3. Quality

- "AI-generated custom images, not generic stock photos"

4. Process

- "Organized workflow in Zoho, not messy emails"

5. Modern

- "Using 2026 tech, not 2020 methods"
-

COMMON MISTAKES TO AVOID

✗ Mistake 1: No Written Agreement

Why Bad: Client says "you didn't include X" months later **Solution:** ALWAYS use Zoho Sign contract, even for small projects

✗ Mistake 2: Not Taking Advance

Why Bad: Client ghosts after you start work **Solution:** 50% upfront, non-negotiable. No deposit = no work.

✗ Mistake 3: Scope Creep

Why Bad: Client keeps adding "just one more thing" **Solution:** "That's outside our agreement. I can quote it separately: ₹[X]"

✗ Mistake 4: No Documentation

Why Bad: "You said it would be free!" (you didn't) **Solution:** Everything in writing (Zoho Mail, Projects, CRM notes)

✗ Mistake 5: Working with Red Flag Clients

Why Bad: Stress, late payments, bad reviews **Solution:** If gut says no, walk away. Money isn't worth the headache.

✗ Mistake 6: Under-pricing

Why Bad: Work 40 hours, earn ₹15K = ₹375/hour (minimum wage!) **Solution:** Minimum ₹25,000 for any website. Your time is valuable.

✗ Mistake 7: No Backups

Why Bad: Client site crashes, you have no backup, lose all work **Solution:** Daily backups (UpdraftPlus plugin), save in Zoho Docs

✗ Mistake 8: Forgetting Taxes

Why Bad: ₹5L earned, forgot to save for tax, now owe ₹75K+! **Solution:** Set aside 30% of income for taxes every month

✗ Mistake 9: No Time Tracking

Why Bad: Don't know if making money or losing money per project **Solution:** Always track time in Zoho

Projects

✗ Mistake 10: Not Learning from Projects

Why Bad: Make same mistakes repeatedly **Solution:** After each project, write: What went well? What to improve?

YOUR SUCCESS METRICS (Track These Monthly)

In Zoho Analytics (Auto-Generated Dashboard)

Revenue Metrics:

- ☐ Monthly Revenue: ₹[X]
- ☐ Number of projects completed: [X]
- ☐ Average project value: ₹[X]
- ☐ Recurring revenue (maintenance): ₹[X]

Efficiency Metrics:

- ☐ Average project completion time: [X] days
- ☐ Average hours per project: [X] hours
- ☐ Effective hourly rate: ₹[X]/hour

Sales Metrics:

- ☐ New leads generated: [X]
- ☐ Conversion rate: [X]% (leads → clients)
- ☐ Lead source (which channel works best?)

Client Metrics:

- ☐ Active clients: [X]
- ☐ Repeat clients: [X]
- ☐ Client satisfaction score: [X]/5
- ☐ Testimonials collected: [X]

Financial Health:

- ☐ Total income: ₹[X]
- ☐ Total expenses: ₹[X]
- ☐ Net profit: ₹[X]
- ☐ Profit margin: [X]%
- ☐ Tax saved (30% of profit): ₹[X]

Goal Setting

Month 1-3 Goals:

- ☐ Complete 2-3 paid projects
- ☐ Earn ₹50,000-75,000 total
- ☐ Get 3 testimonials
- ☐ Master workflow

Month 4-6 Goals:

- ☐ Complete 3-4 projects/month
- ☐ Earn ₹1,00,000-1,50,000/month
- ☐ Get 2-3 maintenance clients
- ☐ Refine processes

Month 7-12 Goals:

- ☐ Complete 4-5 projects/month
 - ☐ Earn ₹1,50,000-2,50,000/month
 - ☐ 5+ maintenance clients (₹15-20K recurring)
 - ☐ Decide: scale solo or build team?
-

FINAL WORKFLOW CHECKLIST

Print This & Keep at Desk:

NEW LEAD:

- ☐ Add to Zoho CRM
- ☐ Schedule discovery call (Zoho Meeting)
- ☐ Send proposal after call
- ☐ Follow up in 2 days

WON DEAL:

- ☐ Send contract (Zoho Sign)
- ☐ Send 50% invoice
- ☐ Wait for payment
- ☐ Create project (Zoho Projects)
- ☐ Send welcome email + questionnaire

PRODUCTION:

- ☐ Collect content (or AI generate)
- ☐ Build website
- ☐ Update tasks daily

- ☐ Send progress updates
- ☐ Track time

REVIEW:

- ☐ Share preview link
- ☐ Schedule review meeting
- ☐ Record feedback
- ☐ Make revisions
- ☐ Get final approval

LAUNCH:

- ☐ Send final invoice
- ☐ Receive payment
- ☐ Make live
- ☐ Send handover email
- ☐ Record training video
- ☐ 30-day support starts

POST-LAUNCH:

- ☐ Request testimonial (after 3 weeks)
 - ☐ Upsell maintenance (after 1 month)
 - ☐ Check-in quarterly
 - ☐ Ask for referrals
-

YOU'RE READY!

You now have:

- ☒ Complete tech stack (almost free!)
- ☒ Full workflow (lead → handover)
- ☒ All tools setup (Zoho One)
- ☒ AI advantage (speed + cost)
- ☒ Tax understanding (basic)
- ☒ Scaling strategy (future)

Next Action (Do Today):

1. Sign up for Zoho One trial (30 days free)
2. Build your portfolio website (use AI for everything)

3. Tomorrow: Visit 5 local businesses

Remember:

- Progress > Perfection
- Action > Planning
- Done > Perfect

Your competitor is still planning.

You're executing.

That's your advantage.

NOW GO BUILD! 🦾
